NH Collection New York Madison Avenue

A taste of the Big Apple

Live the most extraordinary Big Apple experience at the new NH Collection New York Madison Avenue, a 1920's Renaissance Revival designed by renowned architects E. Murgatroyd & P. Ogden.

The hotel is situated in one of the most vibrant streets of Manhattan, close to the landmarks that make New York City one of the TOP 10 visited places around the globe. Located in the heart of midtown, the largest central business district in the world, and around the corner from Manhattan's top attractions like the Empire State Building, Times Square, The Public Library, Bryant Park or Broadway, it's the perfect starting point to explore the city. But, not only is it within walking distance of all tourist spots, but also to first-class fashion destinations, like Fifth Avenue, Saks or Macy's, a short walk from the trendiest neighborhoods like Chelsea or Nomad and steps away from Park Avenue, headquarters to some of the biggest companies in the world.

Grand Central Station, a 5-minute walk, is the hub of the main subway and railway lines, which allows to easily get around the city and beyond. Whether the purpose of the visit is tourism, business or shopping, this hotel is the ideal place to stay and enjoy everything New York has to offer.

Stay at the top of the world's capital

This upper upscale hotel evidences a sense of European style accentuated with a touch of eclectic elegance in the interior features, and a subtle reminiscence of the Advertising Golden Age of Madison Avenue.

Most of our warm and inviting 288 rooms have outstanding views of the city with soundproof windows to ensure the best rest possible. They are fully equipped with free fast speed Wi-Fi, individual climate control and Smart TV Chromecast. For an even more extraordinary experience the hotel offers 25 Junior suites, 2 of them with skyline view and terrace, as well as 4 Tower Suites located in the towers of the building, that feature extraordinary views of the city and its most iconic skyscrapers, like the Empire State Building.
